WNTC Will Return To Air For Spring Term

At the regularly scheduled executive meeting last Friday evening, January 7, it was decided that Campus Station WNTC would not return to the air with its regular programs until the beginning of the Spring semester. This delay has been necessitated by the construction work now being conducted at the station. It was also pointed out that this time will enable the preparation of a better programming schedule.

The station, will, however, continue its broadcasting of sports events. At the moment, it has on schedule, the remaining home games of both Clarkson and PSTC. The former are now under the sponsorship of McManus' Restaurant.
